

# Doorstop Bracelet By Josephine Jones

On November 1, 2012 by carol

Found objects are wonderful to build around!

Jo started out with a found object "spine", in this case, a doorstop.

She wrapped wire around the door stop a few times to create a bracelet that she then embellished it with several Industrial Chic charms including:

MKP28181-01

You can find more of [Susan Lenart Kazmer's Industrial Chic](#) Mixed Media Components for jewelry and other projects at your nearest Michaels.

You can discover more about Josephine on her [Jo Mama](#) blog.

p.s. Karla and Laurie – you won the Oct. 30 contest!
